1) Set an example for the youth in lifestyle, speech, dress, and integrity.

(Students will imitate their leaders we want to make sure they are imitating the right things, also what you do they will take 3 steps further, so lets hold our selves to a high standard.)

2) Be involved for a minimum of six months by committing to help in at least one area of ministry to further the growth and development of the youth. (You are not a warm body you are investing in the lives of our students)

3) Take an active part in the lives of the youth.

(You will have 7-10 youth that you are responsible for, calling them, texting them, facebook, etc.. Make one real connection a week outside a service with each of your kids. this way they know they are more than a number in a seat, they are an individual who needs relationship.)

4) Attend the Sunday service here at Destiny on a regular basis.

5) Never speak negatively about the pastor, the staff, youth, or other sponsors.

(We will all have disagreements at one point or another, that is ok, but we need to handle those things in a way that doesn't undermine any other leader's authority. If you don't respect them they won't respect them.)

6) Always resolve any and all conflicts out of view of other youth or any member of the church.

7) Maintain a relationship with God outside of a church setting.

(We can't give others what we don't have, minister out of your overflow.)

8) At no point will there ever be any form of relationship or involvement in a romantic or sexual manner with a youth (regardless of age).

9) Arriving by 5:45 to help set up, pray, and be ready to greet youth as they arrive.

(we have to turn a closet, cafeteria, and an entry into an amazing youth facility in 45 min we need all hands on deck all the time. students don't get saved because the room is cool, but they do come in and invite others so God can move in their life because they enjoy coming.)

10) Building trust and relationship is the key to having influence in the lives of these youth, we have to be ready to go by 6:30 so we can spend the first 30 min simply connecting to the youth.

11) Commit to being at Wednesday service every week to bring some stable relationships to our teens. (We may be the only person that loves on them and invests in them, so if they only come one or twice a month they need every time to be the time they are noticed and invested in.)

12) We need to be prepared to lead or co-lead a small group as we grow and new groups are added. (We will weekly split into groups and may need you to be a group leader, also you invest in these kids they need to have your heart for them so they can see God's love to them.)
